### How it works

Visit one of our three centres to sign up for the Corporate Membership. You will need to bring with you a signed authorisation letter from your employer. Complete the membership form and start enjoying the fantastic ranges of sports, fitness and leisure activities with 1Leisure.

The One Card Corporate Membership is only open to employees and not your family or friends.

### Already have a One Card?

If you already have a One Card membership and pay by Direct Debit, we can switch this to the corporate membership rate. We will change your next Direct Debit payment to the corporate membership amount.

If you have a One Card and have paid for it annually, we can switch this to the corporate rate when your annual payment is due for renewal.

Unfortunately, we are not able to provide refunds for any payments you've already made on your current membership.
